Subject: Project DCC - Congratulations! Scoring and Vendor Selection
Completed
Date: Fri, 30 Jun 2006 12:16:29 -0700

Dear Bob Jacobsen,
All Selection Criteria spreadsheets have been scored and the vendor selection process has been completed. I am happy to announce that JMRI Freeware products have been selected to participate in Project DCC in the area of Computer Automation. We are currently determining the specific items and quantities needed and will be contacting you shortly with further instructions.
As additional information, the attached spreadsheet shows those companies that have been selected for Project DCC and the areas in which they will be participating. Thanks again for accepting our invitation to be a part of Project DCC and congratulations. Now the real fun begins!
Phil Scandura, *Associate Editor*
